

A Venn diagram illustrating the relationship between three sets of communicators. A large yellow oval at the top is labeled "Global Communicator". Inside this oval, there are two overlapping green ovals. The left green oval is labeled "Communicator A" and the right green oval is labeled "Communicator B". The intersection of these two green ovals is shaded a darker green. The text "Union Communicator" is positioned at the bottom of the diagram, centered within the area covered by the two green ovals.
